* Detailed Overview:

Two Guys is a puzzle, platformer, and adventure game. In the game, there are two characters: Electric Guy and Fire Guy. Each character has its own unique ability that players can use to complete the game's levels.

Our game features a variety of levels that incorporate parkour, puzzle, and adventure elements, as well as the introduction of new items. This game is suitable for those who enjoy puzzle, adventure, and parkour games with minimalist graphics.

This game has a premium aesthetic and is well worth it for those who enjoy puzzles, adventure, and platformer games. Many players have found level 11 to be particularly challenging due to its trial and error gameplay. While there may be other levels that are more difficult, they are not impossible and may simply require a bit more effort to complete. Play and test your puzzle solving and parkour skills!

* Future Plan:

In the future we plan to add more guys and mainly make this game as a co-op game so two players can play online one as fire and the other as electric guy.
