“

Our partnership with Premier has been strong, especially during the pandemic. They are prudently headed toward attaining compliance as per PCI 4.0, the soon-to-be future standard for Data Security.”

*Suresh Dadlani, Control Case's President*

U.S based outsourcing firm that provides blended workforce solutions to American-based organizations, was recently recognized for 5 consecutive years of cybersecurity, and data privacy through its PCI DSS compliant processes.

Premier was presented with the [award at Control Case's 12th Annual Global Conference](#), held in Bali, Indonesia. The event hosted the theme of 'Knowledge Sharing', bringing together industry leaders, representatives of various accreditation bodies, Data Privacy experts, panel members, and subject matter experts.

Commenting on the acknowledgment, Premier's Director of IT, Atif Ali, expressed:

“Premier BPO is dedicated to keeping abreast with the latest in data security and privacy for our clients. A 5 years consecutive compliance award is a great achievement for us. From data at rest to data transmission, we ensure our clients' operations meet all regulations and are safeguarded end to end.”

Premier BPO has also invested in the development of the proprietary software V.I.E.W. during the pandemic to safeguard its clients' sensitive data. The [AI Engine ensures Home Agent Security](#) and PCI compliance with facial recognition and active webcam monitoring. This completes the company's 3rd layer of security, in addition to two others for digital and infrastructure security.

Attendees of the conference represented industries including Finance, Healthcare, Telecom, Payments, Banks, merchants, and other verticals. These also included delegates from renowned service companies such as Wipro and Banknet (Philippines), among others.

When asked about the recognition, Control Case's President, Suresh Dadlani, commented:

"Based on our experience in working with Premier BPO for PCI DSS Compliances, we find them committed to putting their best foot forward when it comes to data security for their clients. Our partnership with Premier has been strong, especially during the pandemic. They are prudently headed toward attaining compliance as per PCI 4.0, the soon-to-be future standard for Data Security. Nothing is stopping us from growing our partnership manyfold in the areas of our core competencies with Premier. We both understand and appreciate the importance of Client Data Security and Privacy, and are excited for the future."
