Vampr's catalog includes a diverse range of genres and styles, from pop and rock to electronic and hip hop. Vampr offers an extensive range of services to songwriters that allows them to maintain control of their copyrights, get world class training on Vampr Academy, and distribute their music and to opt in for music publishing services all in one app.

"Because hyprAUDIO uses AI to find exactly the track you're looking for, it gets better and more accurate the more content it indexes. So, we're always on the lookout for new and exciting music to add." said Justin Gray, Founder and CEO of Songistry. "Vampr's extensive and high-quality

catalog is a great addition for anyone searching on for music for their next production."

With the addition of Vampr Publishing's catalogue, hyprAUDIO continues to solidify its position as a leading destination for music supervisors and other industry professionals seeking top-notch sync licensing options. hyprAUDIO's AI powered search engine and robust music catalogue is one-stop and "easy clear" providing one of the fastest licensing experiences.
