For more than a hundred years, Bravo Home Products has provided homeowners with a variety of retractable screens and motorized screens, for home or businesses.

VICTORIA, BC, CANADA, January 6, 2023 /EINPresswire.com/ -- For more than a hundred years, Bravo Home Products has provided homeowners with a variety of retractable screens, built for life at home or businesses. In fact, more customized retractable screens are built by Bravo Home Products than any other brand.

Today, Bravo has announced it is continuing that tradition with [Patio Screens](#), a retractable customizable state of the art patio screen that leverages the same capability, versatility and customization options that helped make Bravo Home Products the most popular screening company today.

"No matter the task at hand – building screens for patios or any home opening – customers can rely on their Bravo to get the job done," said the CEO. "Our decades of experience in the home industry and insights from the home design helped us design a patio screen that makes it easier for home owners to design their next home."

Patio Retractable Screens

Motorized patio retractable screens

The large retractable patio door screens are durable, easy to operate, and match any architectural style. Perfect for existing and new homes, these custom built patio door screens give the best of both worlds – natural ventilation and uninterrupted views, as well as protection from the harsh glare of sun and pesky insects.

The patio door screens can retract to be completely out of sight when not in use. While in use, the mesh is secured in the track to prevent blow-outs in breezy conditions. It also features customizable stopping points along the track for easy in and out access. This system of patio door screens is designed for flexibility, allowing screens to fit virtually any custom application –including garages, porches, and any other enclosure are looking to screen.
