Trending Surface Active Agents Market Trend

Extra concentrated laundry detergents are becoming popular as they reduce water

consumption. Companies are developing concentrated detergents that can save as much as 45 million gallons of water per year and also require less plastic for packaging and make transportation more energy-efficient. For example, Sokalan HP 20 improves the dissolution of the surfactants into the liquid, providing a 30%–50% reduction in cold-water dissolution time. Major companies manufacturing extra concentrated laundry detergents include Unilever, Procter & Gamble, Henkel AG & Company, and Church & Dwight Co., Inc.
