

# Astera Data Stack Emerged as a Winner in Big Innovation Awards 2023

WESTLAKE VILLAGE, CALIFORNIA, UNITED STATES, January 12, 2023 /EINPresswire.com/ -- Astera is pleased to announce that [Astera Data Stack](#) has won the [2023 BIG Innovation Awards](#) presented by Business Intelligence. The unified, code-free data management platform was recognized as an innovative product because of its cost and time savings impact. The platform's code-free interface saves developers time by eliminating the need to write complicated SQL scripts to create data processes.

Business Intelligence receives submissions from organizations around the world for consideration in the BIG Innovation Awards. The nominations are judged by a select group of business leaders and executives who volunteer their time and expertise to score submissions.

“

Innovation is 'business critical' in today's society. We're thrilled to be honoring Astera Data Stack as they are leading by example and improving the lives of so many.”

*Maria Jimenez, COO, Business Intelligence Group.*

“We're pleased to receive this recognition for Astera Data Stack. It's a testament to the continuous innovation our team builds into our platform.” – Maha Hanfi, Marketing Manager at Astera.

Astera offers a range of capabilities, including data extraction, integration, warehousing, and API management in a unified platform. Our unified platform allows enterprises to execute end-to-end data processes without switching solutions, eliminating the expense of learning and managing multiple systems. By bringing all these capabilities into one solution, Astera simplifies data

management.
