In addition to “The Soccer Academy” being broadcast on KMCI Channel 38 in metro Kansas City

each Saturday at 12:30 in the afternoon, it is broadcast each week on the entire LATV television network platform nationally as well (see [www.SoccerAcademy.tv](http://www.SoccerAcademy.tv) for local listings). "The Soccer Academy" is distributed by TVS (see [www.tvSCO.com](http://www.tvSCO.com)).

On a similar note, the Global Foundation for Peace through Soccer will return to the cities of Marrakech and Safi in the country of Morocco in March 2023 to conduct two more "All Girls Soccer Clinics." These soccer clinics are being offered free of charge for select female soccer players between the ages of 8 and 15.

This past summer, the Global Foundation for Peace through Soccer operated two successful weeks of soccer camps in Marrakech and Safi (in July 2022), and this will mark a return visit to focus specifically on the continued development of female youth players in the country of Morocco.

The Global Foundation for Peace through Soccer will be operating these "All Girls Soccer Clinics" in conjunction with the United States Embassy in Rabat, Morocco. Following are the specific times/dates for the soccer clinics in Morocco in March:

The Global Foundation's Executive Director and Founder, Antonio Soave, says this about the Hispanic Soccer Clinics in metro Kansas City: "These soccer missions that are conducted "free of charge" are imperative for youth players in inner city environments and for young soccer players experiencing financial hardship. Each year, we at the Global Foundation for Peace through Soccer do our very best to deliver as many free soccer clinics as possible in the U.S. and internationally. We also attempt to deliver free food and free soccer gear at each soccer camp we conduct."

Antonio Soave also said this about the soccer mission in Morocco: "The people in Morocco are exceptional, wonderful, and kind, and they have a great love for the game of soccer. The performance of both the Moroccan Men's World Cup team in Qatar and the women's national team this past year is a testament to the very high level of soccer that is being taught—and played—all throughout Morocco. Morocco is likely to be a top-level soccer powerhouse for many years to come."
