One group of musicians more than any other, Prayer Pray, has been able to capture audience hearts with its powerfully inspiring music. Their collection of instrumental relaxing music albums has amassed a staggering 80,000,000 million streams and views and garnered more than 400,000 YouTube subscribers. They feel a powerful connection to the divine. People stream our music from around the world as they reflect, pray, relax, study, and connect with loved ones.
