The addition of the Kinkora Pythian Home aligns with the company's mission to provide high quality and innovative care to our residents enabling them to transition to recovery in a comfortable and customer service-oriented environment. When asked about his vision for the acquisition, Transitions Healthcare's Chief Executive Officer, Matthew Maurano, commented “The community's pursuit of excellence in care aligns with our mission, the quality of our post-acute services, and our mindset for innovation. With those objectives in mind, it made clear sense to welcome the Kinkora Pythian Home into the

Transitions Healthcare family as we look to expand our footprint.”

This acquisition marks the beginning of what is to be an already busy year of growth for Transitions Healthcare as they continue to showcase their commitment to expanding operations and post-acute service offerings. From the onset, the team does not anticipate any drastic changes – only unwavering support to build upon the already-established foundation of quality care. Elaborating on that support, Mr. Maurano added, “It’s an opportunity to collaborate with a tremendously a devoted team of caregivers. In our experience, when we combine our expertise with their dedication, we’re able to foster an environment of top-notch care – not just for our residents, but for their families and their community.”

The completed acquisition not only grows Transitions Healthcare’s footprint of independent living, personal and skilled nursing communities, but also strengthens their portfolio of post-acute care services staffed by highly trained and dedicated healthcare professionals. The former Kinkora Pythian Home maintained a long-standing reputation for outstanding quality. As such, the company looks forward to continuing that legacy and creating a meaningful, positive impact on the residents of the now Transitions Healthcare Allens Cove.

To celebrate the occasion, Transitions Healthcare Allens Cove will be hosting a ribbon-cutting event on Friday, February 3rd, 2023, in collaboration with the Perry County Chamber of Commerce.
