

# Exponential Impact Opens Applications for Colorado's Elite High-Tech, No-Equity Accelerator

*Applications Due by January 31 for the 2023 XI Accelerator Program*

COLORADO SPRINGS, CO, UNITED STATES, January 11, 2023

[/EINPresswire.com/](https://EINPresswire.com/) -- Applications are

now open for Exponential Impact's 2023 Accelerator program. Through January 31, technology startups are invited to apply for this elite low-fee, no-equity Accelerator based in Colorado Springs. Recently named among the Top 20 Tech Towns in the US by CompTIA, Colorado Springs has emerged as a thriving hub for high-tech business. The in-person program attracts local and regional startups to work and collaborate in Colorado Springs.

Starting in March 2023, XI's 12-week Accelerator supports founders by providing a holistic, mentor-driven program designed to help startups build strategies for sustainable personal and business growth.

Accepted startups have access to XI's co-working space, receive one-on-one expert mentoring, participate in weekly speaker sessions, redeem XI Professional credits toward approved service providers, and select startups will have the opportunity to pitch at a final Demo Day.

"We are excited to announce the launch of XI's 2023 Accelerator. The Accelerator not only offers next-level programming with exposure to elite business leaders, XI takes a holistic approach to all its programs to ensure founders have camaraderie and community on their entrepreneurial journey" said Vance Brown, Executive Director of Exponential Impact.

The 2023 XI Accelerator will include two cohorts to serve unique levels of startup growth. START is for pre-customer startups who are preparing to launch their product, and SCALE for those companies with a proven product in the marketplace with existing customers who are ready to take their startup to the next level.

Colorado-based high-tech founders seeking resources, mentorship, and a community of like-minded entrepreneurs can learn more and apply at [exponentialimpact.com/apply](https://exponentialimpact.com/apply). Applications are due by January 31, 2023.
