

Highlights from the Construction Links Network platform this week - January 12, 2023

Canada's ONLY content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA, January 12, 2023 /EINPresswire.com/ -- Construction Links Network is a unique [news platform](#) where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more. Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top news this week has [Statistics Canada reporting](#) that building permits increased 14.1% in November to \$11.0 billion, rebounding after two consecutive monthly losses. The value of residential permits increased 13.7% to \$7.1 billion nationally while non-residential sector rose 14.9% to \$3.9 billion.

The top video this week is courtesy of LNG Canada who share the reflections of the project's prime contractor JFJV and LNG Canada team members on the constant collaboration to move the project through the construction phase and bring it smoothly across the finish line.
