Segmental Analysis:

1. Bird Protection Nets segment held the largest share in the agro textiles market in the year 2021. Bird protection nets are widely used in farming for protecting crops against the harm of the birds and other predators of crops. This helps in protecting the crop against uprooting, breakage and other damages caused by birds.

2. Asia-Pacific region held the largest share of 35% in the agro textile market in the year 2021. The increase in the population in countries like China, India and Indonesia coupled with the increase in the demand for food is increasing the demand for agricultural and horticulture activities. According to worldometer, the population of China was highest in the world during the year 2020 at an increase of 0.39% from the previous year 2019.

3. Synthetic material segment held the largest share in the agro textiles market in the year 2021. Synthetic materials are man-made and therefore can be customized as per requirement. Synthetic materials are stronger and more durable. Importantly, it can also be personalized according to the job requirement.

4. According to Indian Government, agricultural textiles will form 1.5% of the projected Indian technical textiles market. According to International Trade Centre (ITC) data, Vietnam's agro-textile and garment exports to Canada in 2019 increased to US\$1.1 billion for the first time, a rise of 20% compared to 2018. This will further drive the agro-textiles market.

Competitive Landscape:

The top 5 players in the Agro Textiles Industry are -

1. Capatex Ltd.
2. Neo Corp International Ltd.
3. Meyabond Industry & Trading (Beijing) Co. Ltd.
4. Hy-Tex (U.K.) Ltd.

5. Tama Plastic Industry
