While Verni is a legend in his own right, he always dreamed of creating a Swing / Big Band, and so began DD Verni & The Cadillac Band. He started by writing an album full of the kinds of songs he loved, a blend of rockin big band and swing, but with a new contemporary edge. Next Verni recruited longtime Brian Setzer Orchestra upright bassist, John "Spazz" Hatton to do horn arrangements and play slap bass on the album. From there LA based band, Phat

Cat Swinger supplied the horns, as well as former Brian Setzer Orchestra drummer and current Doobie Brothers member, Tony Pia on drums. Add Jazz pianist Dave Moscoe on piano and hot

rod guitarist Damian Bacci, and you have a star-studded line-up of big band greatness that makes this album shake and swing.

DD Verni and The Cadillac Band's debut record entitled "Lets Rattle" was released in September to an overwhelming response. The record embraces Verni's lifelong love of big band, swing, rockabilly, doo-wop, and jump blues. "Rock n roll and swing are natural bed fellows." says Verni. The result; a completed album which features 13 tracks, produced by Verni and mixed by Greg Reely (Coldplay, Sarah McLachlan) and recorded in Los Angeles, California and New Jersey.

The visuals for the first single "Cadillac Man" features a rockin roarin music video of the band on stage showing the electrifying live energy of the group.

Their second video for the track "Olivia...That's Who" saw the band using stills to create a new storyboard

idea for a video, while the music video created for the song L.O.V.E captures the pure brilliance and magnitude of talent of the Big Band side of the group.

DD Verni and the Cadillac Band presented listeners the gift of an instant classic music video for "We're A Couple of Misfits" just in time for the Holiday Season. The group also formerly announced their return of the 13 piece rocking swing band to The Vogel, Count Basie Center for the Arts in New Jersey this coming April 1, 2023.
