

The Advocate Appeals to the Family of a Veteran-Person with Lung Cancer in New Jersey-Nationwide to Call The Gori Law Firm If They Had Workplace Asbestos Exposure Before 1982-Compensation May Exceed \$100,000

NEWARK , NEW JERSEY , USA, January 23, 2023 /EINPresswire.com/ -- The New Jersey Lung Cancer Advocate is appealing to the immediate family of a Veteran or individual who has just been diagnosed with lung cancer in New Jersey or nationwide to please call The Gori Law Firm if before 1982 they had significant exposure to asbestos at work. A financial compensation settlement package for a person like this might exceed \$100,000. Financial compensation for a person like this will

depend on the specifics of how they were exposed to asbestos as the lawyers at The Gori Law Firm are always more than happy to discuss at 866-532-2106. <https://GoriLaw.Com>

The Advocate says, "We want people who have recently developed lung cancer, and who had routine exposure to asbestos at work before 1982 to get compensated. Sadly, most people like this do not get compensated because they do not realize the \$30 billion dollar-asbestos trust funds were set up for them too.

"If your husband or dad now has lung cancer-and he has mentioned he had workplace asbestos exposure in the 1960s, 1970s or early the early 1980s please make his compensation a top

priority and call the lawyers at The Gori Law Firm at 866-532-2106. We are confident you will be glad you did." <https://GoriLaw.Com>

As a free service for their US Armed Forces-Veteran clients who have developed asbestos exposure lung cancer or mesothelioma The Gori Law Firm will fill out the required paperwork to hopefully qualify a person like this for VA benefits. For more information, please call The Gori Law Firm anytime at 866-532-2106. <https://GoriLaw.Com>

Asbestos Warning Sign

The New Jersey US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Newark, Jersey City, Paterson, Elizabeth, Edison, Toms River, Trenton or anywhere in New Jersey.

“

We want people who have developed lung cancer, and who had routine exposure to asbestos at work prior 1982 to get compensated- and to get this job done call The Gori Law Firm at 866-532-2106.”

High-risk work groups for exposure to asbestos in New Jersey include US Navy Veterans, a worker at one of New Jersey's half dozen-plus power plants, oil refinery workers, manufacturing or industrial workers, chemical plant workers, public utility workers, plumbers, electricians, auto mechanics, machinists, mill workers, printers, welders, boiler technicians, or construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's

or 1980's.

<https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode

Island, Alabama, and Delaware.

However, asbestos exposure lung cancer can happen in any state including California, New York, Texas, Florida, Massachusetts, Connecticut, Pennsylvania, New Jersey, Illinois, Wisconsin, Minnesota, Nebraska, New Mexico, North Dakota, Wyoming, Utah, Montana, Idaho, Arizona, Washington, Oregon or Alaska.

For more information about asbestos exposure please visit the NIH's website on this topic: <https://www.cancer.gov/about-cancer/causes-prevention/risk/substances/asbestos/asbestos-fact-sheet>.
