### Trending Vascular Endothelial Growth Factor (VEGF) Inhibitor Market Trend

Key players operating in the industry are undergoing various collaborations and partnerships to expand their product portfolio by developing new products. For instance, in May 2020, AbbVie, a US-based biopharmaceutical company acquired Allergan, Inc., a US-based pharmaceutical company focused on eye care. This acquisition establishes a biopharma firm with leadership roles in vital therapeutic areas such as hematologic oncology, immunology, Allergan Aesthetics, and neuroscience. Furthermore, in January 2020, Exonate, a biotechnology company, collaborated with Janssen Pharmaceuticals, a subsidiary of Johnson & Johnson for the development of a new eye drop for the treatment of retinal vascular diseases. Exonate developed small molecules that inhibit the production of pro-angiogenic vascular endothelial growth factor (VEGF) through the selective inhibition of serine/threonine-protein kinase (SRPK1)-mediated VEGF splicing.

### [Vascular Endothelial Growth Factor \(VEGF\) Inhibitor Market Segments](#)

- By Drugs Type: Avastin, Tecentriq, Cometriq, Eylea, Other Drug Types
- By Route Of Administration: Oral, Intravenous
- By Application: Oncology, Ophthalmology, Other Applications
- By Geography: The global vascular endothelial growth factor (VEGF) inhibitor market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.

Read more on the global Vascular Endothelial Growth Factor (VEGF) Inhibitor market report at:

<https://www.thebusinessresearchcompany.com/report/vascular-endothelial-growth-factor-inhibitors-global-market-report>

A VEGF inhibitor is an inhibitor that prevents planned cell death by acting as an anti-apoptotic factor for hematopoietic cells. VEGF increases vascular permeability, which may make it easier for tumours to spread via the bloodstream and receive more oxygen and nutrients.

Vascular Endothelial Growth Factor (VEGF) Inhibitor Global Market Report 2023 from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Trends, opportunities, strategies and so much more.

The Vascular Endothelial Growth Factor (VEGF) Inhibitor Global Market Report 2023 by The Business Research Company is the most comprehensive report that provides insights on

vascular endothelial growth factor (VEGF) inhibitor market size, drivers and trends, vascular endothelial growth factor (VEGF) inhibitor global market major players, competitors' revenues, market positioning, and vascular endothelial growth factor (VEGF) inhibitor market growth across geographies. The vascular endothelial growth factor (VEGF) inhibitor global market research helps you gain in-depth insights on opportunities and strategies. Companies can leverage the data in the vascular endothelial growth factor (VEGF) inhibitor analysis and tap into segments with the highest growth potential.
