

World Council of Optometry (WCO) Announces 2023 Myopia Management Virtual Event

“Myopia management is a global challenge that requires a coordinated effort from all stakeholders in the eye care industry.”

ST. LOUIS, MO, USA, January 16, 2023
/EINPresswire.com/ -- World Council of Optometry (WCO) announces the 2023 Myopia Management Virtual Event on February 16, 2023.

The event will feature a series of virtual sessions led by leading experts in the field of myopia management. The sessions will cover the latest research, clinical practice, and policy issues related to myopia management. The event is free of charge and open to all eye care professionals and students.

World Council of Optometry (WCO)
Myopia Management Virtual Event

The event is the fourth in a series of virtual events organized by the WCO. The previous events have focused on various topics related to eye care, including telemedicine, digital health, and patient engagement.

Sandra Block, WCO President, said, “Myopia management is a global challenge that requires a coordinated effort from all stakeholders in the eye care industry. We are pleased to host this virtual event and provide a platform for eye care professionals to share their knowledge and experiences. We look forward to a successful event on February 16, 2023.”

The event will be held on February 16, 2023, from 9:00 AM to 5:00 PM (EST). For more information, please visit <https://bit.ly/WCOMyopiaEvent223>.

Seang-Mei Saw, MBBS, MPH, PhD, FAMS, Duke-NUS; Wallace Foulds, MSc, PhD, FRCOphth, NUS; and Saw, MBBS, MPH, PhD, FAMS, Duke-NUS. The event is organized by the World Council of Optometry (WCO) in partnership with CooperVision.

Kai-yip Choi, MSc, Hong Kong Polytechnic University, graduated in 2014 and worked for CooperVision from 2014 to 2021.
