

Boynton Beach City Commissioner Aimee Kelley Follows Through on Commitment to Protect Green Space in the Meadows

BOYNTON BEACH, FLORIDA, UNITED STATES, January 16, 2023 /EINPresswire.com/ -- Last week Boynton Beach City Commissioner Aimee Kelley joined the Mayor of Boynton Beach as they signed a declaration designating "green space" in the Meadows. The designation will allow Boynton Beach the opportunity to make improvements to the land so that residents have a safe and attractive space for the neighborhood to enjoy.

The designation was achieved after Commissioner Kelley met with residents who made it clear that they love and value their neighborhood and that this green space is integral to it. Residents were also concerned about any future development on this land.

"Victories like this are the reason I am running – to be your voice, to work towards creating a city for everyone, and to keep bringing proven results back to the residents of Boynton Beach," said Commissioner Aimee Kelley.

Commissioner Kelley has been working with city staff on other necessary improvements to Meadows Blvd., including resurfacing and striping off the road. Additionally, the city will soon install temporary speed humps and conduct a traffic study in the neighborhood.
