

# Property Refresh Announces Competitively Priced Power Washing Service for Chicago Residents

*What can Chicagoland homeowners and businesses expect from power washing service companies in 2023?*

CHICAGO, ILLINOIS, US, January 16, 2023 /EINPresswire.com/ -- A leading [power washing](#) company in Chicago, Property Refresh Power Washing and Gutter Cleaning, has announced that its pricing is now more competitive than ever. While other pressure washing companies have raised prices, Property Refresh's charges for power washing have remained the same.

Power washing companies across the country are raising prices as inflation figures increase; remaining profitable has meant businesses raise prices. However, some businesses, like Property Refresh, claim that there is no need to raise prices and that current pricing will remain unchanged in 2023 for the greater Chicago area. Plus, [the company](#) will not downgrade the quality of the work or the equipment used to achieve the stellar results they are known for.

“

Now is the best time to get your siding, deck, driveway, or other exterior surfaces professionally power washed.”

*George Dimitrov*

Power washing, also known as pressure washing, is a process that uses high-pressure water spray to clean and remove dirt, grime, mold, and other debris from various exterior surfaces. It is an efficient and effective way to

clean large areas quickly and thoroughly.

Power washing can improve the appearance of a building or surface, making it look more inviting and professional. It is also safer than other methods, especially if homeowners want to remove harmful substances like mold from the property.

Many homeowners and savvy business owners opt for power washing because it is environmentally friendly. The machine uses significantly less water than traditional cleaning methods but can achieve better results.

Readers can learn more about Property Refresh and their power washing service by visiting the company's official website at <https://www.property-refresh.com>.

"At Property Refresh, we use the latest and greatest power washers. Not only do our power washers consume the least amount of water, but they also make short work of most types of stains on just about any surface. That's why people automatically assume we are competitive. However, our prices have always been competitive, and in 2023, they will remain unchanged." Said George Dimitrov, a Property Refresh Power Washing and Gutter Cleaning representative.

He added, "Now is the best time to get your siding, deck, driveway, or other exterior surfaces professionally power washed. Not only will it ensure that your spaces are clean and aesthetically pleasing, but you will also save money by choosing us."

#### About Property Refresh

Property Refresh Power Washing and Gutter Cleaning are among Chicagoland's most reputed names in the power washing industry. The company has, over the years, earned a reputation for providing a high-quality service that home and business owners can rely on to deliver results, such as leaving their surfaces looking as good as new.
