

Mathematica Recognized as 2023 Economic Justice Advocate Award Winner

WASHINGTON DC, DISTRICT OF COLUMBIA, UNITED STATES, January 19, 2023 /EINPresswire.com/ -- Mathematica was recently honored by CEO Connection® [as a recipient of their 2023 Economic Justice Advocate Award](#). This award recognizes companies that are influencing change, innovation, and standards for excellence, while making equal opportunity in their companies and communities a way of life, not just a slogan.

“We are committed to using our diverse skills, talents and experiences to build a more equitable and just world,” says [Dawnavan Davis](#), chief equity and inclusion officer at Mathematica. “This award highlights the progress we continue to make on our journey to drive the transformation and impact we seek in our business practices; employee, client, and partner experiences; and the various communities and sectors served by our work.”

CEO Connection® evaluated award-winning companies on board diversity, C-suite diversity, supply chain diversity, workforce diversity, and community engagement.

“Business leaders have the opportunity to impact not only the businesses they lead but also the communities in which they live and work,” says Kenneth Beck, chief executive officer of CEO Connection®. “The 2023 Mid-Market Economic Justice Award winners set an amazing example for others, and they do it because it is the right thing to do, not just because it makes good business sense.”

Diversity, equity, and inclusion (DEI) are Mathematica’s “North Star,” guiding our mission to improve public well-being. The start of 2023 finds the company well on its way toward implementing its [DEI strategic plan](#). The plan sets a clear direction for Mathematica’s DEI goals, actions, and expected outcomes to position it to continue making meaningful impacts in the coming years.
