

Report Scammed Bitcoin Launches Service to Assist Victims of Crypto Scams

SEATTLE, WASHINGTON, UNITED STATES, January 17, 2023

/EINPresswire.com/ -- Scams using digital currencies like Bitcoin are a widespread sort of financial fraud known as cryptocurrency scams. To get consumers to transfer them bitcoin or personal information, these frauds often use strategies including phishing, impersonation, and false promises.

Scammers of digital assets and cryptocurrencies escaped with \$1 billion in 2021. Scams continue to increase in number each year and target unwitting investors all over the globe. Because of this, a well-known asset recovery organization called [Report Scammed Bitcoin](https://www.reportscammedbitcoin.com/) has launched a service to assist consumers in getting their stolen or lost money back from scams.

Report Scammed Bitcoin, located in Seattle, Washington, helps those who have fallen victim to crypto and other online scams. As part of their services they offer free consultations and provide contact with third-party crypto-recovery companies. With almost two decades of experience protecting investors from scams, they offer top-quality advisory assistance, take steps to ensure the recovery of an investment lost through scams or fraudulent websites and are strategy leaders when it comes to dealing with each complaint. Their highly trained customer service representatives are available 24/7 for those in need.

Losing money or cryptocurrency through a scam is a stressful event and Report Scammed Bitcoin do their best to educate the public on such issues, hopefully preventing them before they occur.

A whole host of beneficial materials can be found on their website including a blog outlining Forex trading, crypto trading, Altcoins and information on crypto fraud recovery. There are also blacklists on various different topics, from Forex Scammers to Investments to Cryptocurrency Scammers and even an updated 2023 list on [Scam Brokers](#).

Unfortunately, it is not always possible to prevent a scam and if an individual wishes to lodge a [crypto scam report](#), they can do so through the website. From there the aggrieved party can report crypto fraud, report crypto scam website or report crypto currency scam. All complaints are dealt with swiftly and with the utmost professionalism.

As a spokesperson for Report Scammed Bitcoin said:

"Being scammed or defrauded out of money is a very stressful occurrence. Many people don't report scam crypto companies or brokers, either feeling there is no chance of ever reclaiming their money or are too embarrassed at getting scammed in the first place. This is a mistake. If such an even should occur, the first thing to do is not be silent and report fraud. There are very effective stolen crypto recovery services out there ready to help people who have been scammed. The only way to stop these scammers is by speaking out!"
