ISLE OF MAN, ISLE OF MAN, January 19, 2023 /EINPresswire.com/ -- [Courier Express and Parcel \(CEP\) Market Value and CAGR](#)

Due to the constantly changing nature of the industry and the large number of players involved, determining the value of the global courier, express, and parcel (CEP) market is difficult. However, the market is widely regarded as a significant and growing sector, with a compound annual growth rate (CAGR) estimated to be around 5% in recent years.

In 2021, the global courier, express, and parcel market will be worth \$395 billion USD. Looking ahead, the publisher anticipates that the market will reach US\$ 519.5 billion by 2026, with a CAGR of 4.63% from 2022 to 2026.

## Courier Express and Parcel (CEP) Market Growth Drivers and Risks

Several drivers influence the courier, express, and parcel (CEP) market, including: E-commerce: The rise of e-commerce has increased demand for CEP services, as more people order products online and have them delivered to their homes. Increased urbanisation: As more people move to cities, there will be a greater demand for CEP services due to the higher concentration of people and businesses in these areas.
