SAE Media Group reports: Military Space Situational Awareness Conference: one of the leading conferences in Europe dedicated to space

LONDON, UK, January 18, 2023 /EINPresswire.com/ -- SAE Media Group announces the 18th annual [Military](#) Space Situational Awareness Conference, taking place on 26 – 27 April 2023, in London.

Military Space Situational Awareness 2023 will continue to break the mould and create a platform that will give you detailed knowledge and vision into the latest developments. Hear key programme updates from across the world, including the UK, USA, Italy, Austria, France, Portugal, Belgium, Australia, Canada, Brazil, Finland and more.

The only event that will be focused entirely on military and [defence](#) issues, including international collaboration, space debris, and domain awareness.

As the leading conference in Europe dedicated to space domain awareness, delegates can expect a focus on partnership and collaboration. With over 200 attendees, this event remains a “must-attend” for any professional working in space situational awareness. Delegates will get real insight and genuine learning experiences providing the tools to make immediate impact in an organisation.
