ISLE OF MAN, ISLE OF MAN, January 19, 2023 /EINPresswire.com/ -- [Agritourism Market](#) Value and CAGR

Agritourism is a type of tourism in which visitors and participants visit and participate in activities on a working farm or ranch. Agritourism includes things like going to a farm or winery, picking fruits and vegetables, going to a farm-to-table dinner, and staying on a working farm or ranch.

The agritourism market was worth \$ 42.5 billion in 2019 and is expected to grow to \$ 103.76 billion by 2028, with a CAGR of 13.6% from 2021 to 2028.

The agritourism market is expanding as more people seek authentic and immersive travel experiences that connect them with nature and local communities. Agritourism provides travelers with a unique opportunity to learn about and experience rural life, while also supporting local economies and preserving cultural traditions.

Agritourism Market Growth Drivers and Risks

A number of factors are driving the agritourism market, including:

More people are looking for authentic and immersive travel experiences, and agritourism

provides a unique way to do so.

Growing interest in sustainable and eco-friendly tourism: Agritourism, which often involves supporting local agriculture and promoting conservation, can be a sustainable and eco-friendly form of tourism.

Farm-to-Table Dining Is Increasingly Popular: The trend of eating locally grown and organic food is increasing interest in agritourism, as many agritourism operations offer farm-to-table dining experiences.

Technology has made it easier for agritourism businesses to reach customers and bring them in.

Overall, the agritourism market is expected to grow in the next few years, as more people want authentic and immersive travel experiences and more people want to travel in a way that is good for the environment.
