The company began in the Summer of 2022 as an ecommerce website selling [Funko Pop!](#) and trading cards in Canada and the US. In January, they expanded their product line and soft-opened their brick-and-mortar store, located just off HWY 427 near Kipling GO station. Their product range includes:

“

Getting to see people enjoying gaming as much as we do, that's why we got into this. It's a dream come true.”

- [Pokémon trading cards](#), boosters, and rare singles
- Yu-Gi-Oh! boosters and cases
- Trading card game accessories
- Funko Pop!, Tamashii Nations, and other vinyl figurines
- Beyblade, NERF, and board games
- Marvel Legends and other action figures

The idea for the business started after owners Steve

Homen and Betty Oliviera introduced their son, Emmett, to some of their favourite hobbies and

games.

“We loved shopping with Emmett at all the hobby stores in the city but got frustrated when the products we wanted were out of stock or not available”, said Homen. “We had always kicked around the idea of running our own store and Emmett’s interest in trading cards inspired us to make it a reality.”

The owners are committed to carrying a wide array of unique, in-demand toys and games to please customers of all ages. The shop also plans to launch family-friendly in-store events within the next year, offering a place for the gaming community to play in trading card tournaments for fun and prizes.
