

# Collagen-Based Sealants Market Size to Boost USD 1.9 Billion By 2027 | CAGR 6.5 % - IndustryARC

*The increasing demand of collagen-based sealants and polyethylene glycol agents for post-operation and surgeries high Collagen-Based Sealants Market growth.*

HYDERABAD, TELANGANA, INDIA, January 19, 2023 /EINPresswire.com/ -- IndustryARC, in its latest report, predicts that [Collagen-Based Sealants Market](#) The fibroblast secretes the

collagen proteins for recovering and maintaining the tissue framework. The collagen sealant is pH stable, highly biocompatible, non-toxic, and easily

absorbable. It has major applications in medical adhesives, wound treatment, dental implant treatments, cartilage repairs, and others. The increasing demand of collagen-based sealants and polyethylene glycol agents and other end-use industries will offer high growth for the global collagen-based sealants industry. The report offers a complete analysis of the market, its major segments, growth factors, trends, drivers and challengers, key players and more.

#### Segmental Analysis:

1. The wound treatment segment held the largest global collagen-based sealants market share and will grow at a CAGR of 6.7% during the forecast period. The demand of collagen-based sealants is high for wound treatment applications in hospitals, surgeries, and orthopedic clinics. The collagen-based sealant attracts the fibroblasts in order to boost the collagen deposition to the wound.

2. By geographical analysis, the North America held the largest market share and is expected to grow at 31% in the global collagen-based sealants market during the forecast period. The increasing demand of collagen sealants in this region is influenced by rise in surgical procedures and developed hospital infrastructure, and clinics growth.

3. The hospital segment held the largest global collagen-based sealants market share and will grow at a CAGR of around 5.9% during the forecast period. The collagen-based sealants have major applications in the hospitals for surgeries, post-operation treatment, dental implants, and others. The tissue regenerative abilities, biocompatibility, stable pH, and non-toxicity properties makes it ideal for applications in the hospital segment.

#### Competitive Landscape:

The top 5 players in the Collagen-Based Sealants Industry are -

1. Adhesives Research Inc
2. Cohera Medical Inc.
3. HemCon Medical Technologies Inc
4. CryoLife Inc.
5. Baxter International Inc.
