

Master Independent Film Distribution & Digital Marketing with The Filmmakers Marketing Academy

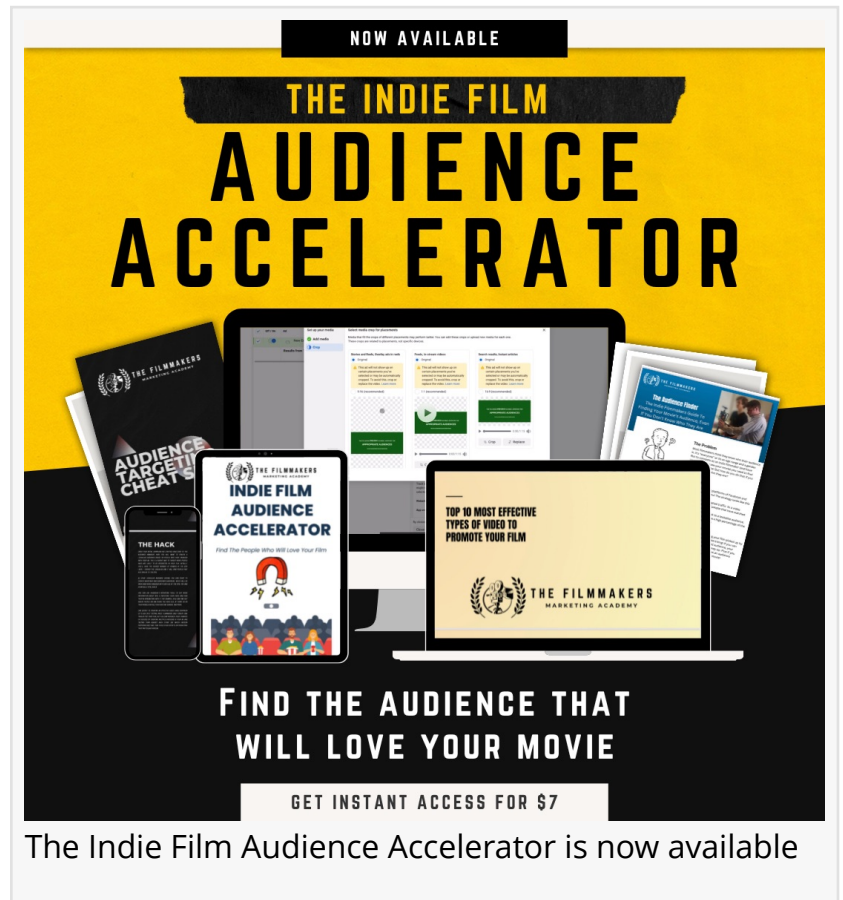

Learn the latest digital marketing techniques to stand out in a crowded market and be successful as storytellers with the Filmmakers Marketing Academy

OVERLAND PARK, KS, UNITED STATES, January 20, 2023 /EINPresswire.com/ -- [The Filmmakers Marketing Academy](https://www.einpresswire.com/news-story/3848484) has launched with the mission of helping independent filmmakers build an audience, sell their movies, and finance their next film using the latest cutting-edge digital marketing techniques.

Founded by John Woosley, an award-winning filmmaker, and entrepreneur, the academy was created to fill a gap in the industry. Most filmmakers have been taught tactics and strategies meant for large-budget Hollywood films, such as spending a lot of money on trailers and posters to draw an audience to a theatre. However, in the digital age, successful filmmakers need to think more like entrepreneurs and leverage the same digital marketing techniques used by business owners in other industries.

"Marketing and distribution have always been one of my favorite parts of the filmmaking process," said Woosley, founder of the Filmmakers Marketing Academy. "I see filmmakers being taught techniques that work for the traditional film industry but don't necessarily translate into success for independent filmmakers. That's why filmmakers need to embrace digital marketing if they want to stand out in a crowded market and be successful as storytellers."

The Filmmakers Marketing Academy offers a range of core services, including [The Indie Film Audience Accelerator](https://www.einpresswire.com/news-story/3848484), which helps filmmakers find the perfect audience for their film, without
