WASHINGTON, DC, UNITED STATES,
January 24, 2023 /EINPresswire.com/ --

Engineered Data LLC ([EDLLC](https://www.engineereddata.com/)) has digitized The National Indian Health Board's (NIHB's) Archives Library enterprise-wide, viewable @ <https://www.nihb.org/nihb-archives/index.html>. NIHB's Archives Library includes Public Health Conference Event Programs, Legislative + Federal Advocacy Records, News Articles + Press Releases, Photos, Public Health Records, Tribal Consultations + Resolutions, Workshop Manuscripts, and related Artifacts.

In addition to categorizing Archives by [1] "Keyword", NIHB's Archives are also categorized by [2] Individual "Last Name" (https://www.nihb.org/nihb-archives/nihb-archives_name.html) + [3] "Document Type" (https://www.nihb.org/nihb-archives/nihb-archives_document.html). All 3 webpages cumulatively comprise over 63,000 lines of code, documenting The National Indian Health Board's 50 Year Legacy of Service in the Federal Advocacy, Epidemiologic & Health Equity Sectors to the 574 Sovereign American Native & Alaska Native Tribal Nations of the USA.

EDLLC specializes in Database, Document Library & Dashboard development, with 2+ decades of Data Governance Experience across multiple Sectors. Utilizing the No-Risk Proposed Prototype Business Model, EDLLC custom-builds Prototype Solutions for Potential Clients pro-bono, enabling Prospective Clients to evaluate proposed deliverable(s) risk-free prior to purchase. To schedule your risk-free Initial Evaluation, email timrolf@engineereddata.com.

In addition to IT Services, EDLLC's [Advanced Materials Group](https://www.engineereddata.com/) has developed + patented metallurgical nanotechnologies with [1] water pollution remediation, [2] superconductor anode, and [3] jet fuel burn-rate catalyst applications. To learn more, go to <https://www.engineereddata.com/>.
