

# The Libertarian Youth Caucus Relaunches As The Youth Wing of the Libertarian Party

---

*The Libertarian Youth Caucus will serve as the only partisan organization for young Libertarians in the United States.*

MORGANTOWN, WEST VIRGINIA, UNITED STATES, January 24, 2023 /EINPresswire.com/ -- The Libertarian Youth Caucus (LYC) is excited to announce the relaunch of our organization as the youth wing of the Libertarian Party and the only partisan avenue for young Libertarians. The LYC is dedicated to creating and supporting affiliates at High Schools and Colleges across the US to get students involved in the campaigns, committees, and legislative initiatives inside the Libertarian Party.

The LYC is the only Libertarian organization actively working to equip young people to make a difference in the world by empowering them to engage with the Libertarian Party. In addition to investing in the future of the party, the LYC also has the potential to make a significant impact on the party today by generating volunteers for critical efforts such as ballot access campaigns.

"We are thrilled to be relaunching the Libertarian Youth Caucus as the only partisan organization for young Libertarians," said Theodore Gercken, Chair of the LYC. "We believe that it is important for young people to not only learn about libertarian principles, but also to be actively engaged in fighting for a world they want to live in through the Libertarian Party. We invite all young Libertarians and supporters of the Libertarian Party to join us in our efforts to bring libertarian ideals to the next generation and make a real difference in the world."
