DOUGLAS, ISLE OF MAN, January 23, 2023 /EINPresswire.com/ -- [GCC Tortilla Market](#) Value and CAGR

The global tortilla market is valued at USD 44 billion in 2020 and is projected to reach USD 63.95 billion by 2027, expanding at a CAGR of 5.5% during the period of forecast.

In the Gulf Cooperation Council (GCC) region, which includes Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the United Arab Emirates, tortillas made from wheat flour and water are

popular. Typically, tortillas are made by combining wheat flour and water to form a dough, which is then rolled into a thin circle and cooked on a griddle or skillet.

GCC Tortilla Market Growth Drivers and Risks

The main things driving the GCC tortilla market are the growing demand for easy, ready-to-eat foods, the growing popularity of Mexican food in the region, and the growing popularity of tortillas as an alternative to traditional breads in the region.

Key restraints on the GCC tortilla market include competition from other types of flatbreads and wraps, as well as potential health concerns associated with consuming an excessive amount of wheat-based products.
