

SilverEdge Announces Vishal Desai as Chief Technology Officer (CTO)

HERNDON, VA, UNITED STATES, January 23, 2023 /EINPresswire.com/ -- [SilverEdge](#) Government Solutions, LLC, a next generation provider of cybersecurity, software, and intelligence solutions for the Defense and Intelligence communities, today announced Vishal Desai has been promoted from his role as President of the National Workflow Automation business unit to Chief Technology Officer.

Desai, a dynamic leader, engineer, system architect, and ServiceNow expert, brings over 25 years of technical acumen to drive the company's targeted initiative of aligning its Technology (engineering, technology, and product development) and growth strategies. A demonstrated leader and innovator, Desai will oversee digital transformation, development of integrated solutions (Research & Development and partnerships), information technology operations, and technology partnerships for the company.

Desai also leads SilverEdge's internal business automation initiatives, which uses ServiceNow as the backend system of engagement. This initiative streamlines SilverEdge's corporate operations to save time, money, and human capital capacity. Desai will continue to expand SilverEdge's intellectual property and support ServiceNow implementations for their Defense and Intelligence customers.

"Although I have only worked with Vishal for less than 1 year, it is abundantly clear that his cadence and insight have been instrumental in our successes," said Robert Miller, CEO of SilverEdge. "I look forward to this continued partnership moving forward."

Desai brings a unique blend of business and technical experience to his new role. The Savli Group, founded by Desai and now a wholly owned subsidiary of SilverEdge, maintains a ServiceNow customer satisfaction score of 4.86 out of 5.0, one of the highest of all ServiceNow

partners and higher than all other ServiceNow Elite partners. He is also a former NASA engineer, author with published content in major industry magazines, and frequent Session Speaker/Moderator at major industry conferences within the workflow automation community.

About SilverEdge

SilverEdge is a next generation provider of innovative and proprietary cybersecurity, software, and intelligence solutions for the Defense and Intelligence Communities. SilverEdge's seasoned team of cybersecurity experts, software developers and engineers, and intelligence analysts identify tomorrow's challenges today and work to empower America's defenders with the tools and solutions needed to address our National Security Community's toughest challenges. SilverEdge is based in Columbia, MD. For more information, please visit the SilverEdge website at www.silveredge-gs.com.
