The report takes a closer

Emergen Research Logo

look at the historical and current market scenarios to accurately predict the global Cloud Compliance market outlook over the forecast duration. Researchers have taken a holistic approach towards the global market analysis and highlighted the factors that influence the overall growth of the market. The study involves the use of efficient analytical tools like SWOT

" Cloud Compliance Market Size – USD 22.57 Billion in 2021, Market Growth – at a CAGR of 15.6%, Market Trends"

Emergen Research

analysis and Porter's Five Forces to inspect the strengths, weaknesses, opportunities, and threats associated with the growth of the various market segments. The report provides crucial details, such as the market shares of the key players, which help the reader attain a comprehensive outlook of the Cloud Compliance market.

According to the most recent analysis by Emergen Research, the cloud compliance market size reached USD 22.57 billion in 2021 and is anticipated to experience a

revenue CAGR of 15.6% over the projected period. One of the main factors propelling the market's revenue growth is the growing need for compliance automation in major businesses. Businesses commonly utilise a range of products in numerous cloud environments, each with a unique set of security restrictions, as they grow. Security teams employ tools like Cloud Workload Protection Platform (CWPP), Cloud Access Security Broker (CASB), and Cloud Security Posture Management (CSPM) to protect cloud infrastructure.

The latest research report serves as a perfect example of the precise analysis of the global Cloud

Compliance market. It includes the ToC, list of tables and figures, research methodology, geographic segmentation, competitive landscape, future developments, and technological innovation.

Table of Contents:

Chapter 1 includes an introduction of the global Cloud Compliance market, along with a comprehensive market overview, market scope, product offerings, and an investigation of the market drivers, growth opportunities, risks, restraints, and other vital factors.

Chapter 2 offers an in-depth analysis of the key manufacturers engaged in this business vertical, along with their sales and revenue estimations.

Chapter 3 elaborates on the highly competitive terrain of the market, highlighting the key manufacturers and vendors.

In Chapter 4, our team has fragmented the market on the basis of regions, underscoring the sales, revenue, and market share of each region over the forecast timeline.

Chapters 5 and 6 have laid emphasis on the market segmentation based on product type and application.

Competitive Outlook:

The global Cloud Compliance market is highly consolidated due to the presence of a large number of companies across this industry. These companies are known to make hefty investments in research and development projects. Also, they control a considerable portion of the overall market share, thus limiting the entry of new players into the sector. The global Cloud Compliance market report studies the prudent tactics undertaken by the leading market players, such as partnerships and collaborations, mergers & acquisitions, new product launches, and joint ventures.

Some of the key participants in this industry include:

Check Point, IBM, Palo Alto Networks, AT & T, Microsoft Corporation, Sophos, Broadcom, Qualys, Oracle, and Nutanix

Based on the product type, the Cloud Compliance market is segmented into:

Component Outlook (Revenue, USD Billion; 2019–2030)

Services

Software

Application Outlook (Revenue, USD Billion; 2019–2030)

Threat Detection & Remediation

Visibility & Risk Assessment

Audit & Compliance Management

Others

End-Use Outlook (Revenue, USD Billion; 2019–2030)

BFSI

Healthcare

Retail

Education

Government

Others

Key regions covered in the report:

North America

Europe

Asia Pacific

Latin America

Middle East & Africa

The report considers the following timeline for market estimations:

Historical Years: 2017 – 2018

Base Year: 2019

Estimated Year: 2027

Forecast Years: 2020 – 2027

Valuable Market Insights:

The report highlights the latest trends observed in the consumption pattern of each regional segment.

Extensive market segmentation included in the report helps better understand the revenue and estimated growth of the individual regions.

The report throws light on the historical and current market scenarios and provides a concise year-on-year growth rate of the global Cloud Compliance market.

The report further entails the current market trends, technological advancements, revenue growth, and other aspects affecting market growth.

Questions addressed in the report:

What is the estimated market growth rate throughout the forecast period?

Which end-use industry is expected to witness the highest demand for Cloud Compliance in the near future?

What is the regulatory framework governing the application of Cloud Compliance in the food industry?

Which manufacturing processes are utilized for the production of Cloud Compliance?
