

DTG Recycle Acquires Clayton-Ward Company

Purchase expands environmental service offerings to Oregon and Tri-Cities in central Washington

BOTHELL, WA, USA, January 24, 2023 /EINPresswire.com/ -- DTG Recycle today announced the acquisition of Clayton-Ward Company. With longstanding recycling centers in Kennewick and Richland in central Washington and Salem, Oregon, Clayton-Ward provides recycling services for various materials, including paper, plastic, yard debris, metal, and electronic waste.

“We are thrilled to welcome Clayton-Ward to the DTG Recycle team,” said Tom Vaughn, DTG Recycle CEO. “This acquisition expands our reach into Oregon and solidifies our position in central Washington. We are excited to offer frictionless recycling services to our customers, making it easier for them to do their part in protecting the environment and helping them reach their sustainability goals.”

The purchase furthers DTG Recycle’s integration of the siloed environmental services industry, with the goal of increasing recycling efficiency through DTG’s extensive processing and logistics network. DTG will bring expanded recycling opportunities to Clayton-Ward’s customers by offering a wider variety of services, including mattress and Styrofoam recycling and more extensive E-waste recycling. DTG Recycle is committed to providing world-class service to Clayton-Ward customers and the Tri-Cities and Salem communities.

DTG Recycle welcomes Clayton-Ward employees to the team and is excited to offer new growth opportunities among its various divisions. DTG Recycle proudly offers a full package of benefits to all employees, including competitive compensation; employer matching 401k; fully paid medical, dental, vision, and life insurance; tuition reimbursement; DTG University continuing education; DTG’s in house CDL driver training school; bonuses; a minimum of two weeks of vacation per year; PSST; PTO; sign on bonuses; and many other exciting benefits.

About DTG Recycle

DTG Recycle is the largest recycler of construction, demolition, industrial, and manufacturing waste in the Pacific Northwest. We strive for a zero-waste future by collecting, transporting, processing, and manufacturing waste into innovative end products from recovered materials. With a diversified collection and transportation fleet, we provide unique, convenient recycling methods and the industry's best customer service. We are Customer Focused, Planet Obsessed.
