

Kaycha Labs – First New York Lab Permitted to Perform Every Test Type

Kaycha Labs, a national leader in cannabis testing technologies, received the first “OCM Permitted Lab” that is licensed to perform all test types.

FORT LAUDERDALE, FLORIDA, USA,
January 24, 2023 /EINPresswire.com/ --

Kaycha Labs, a leader in Cannabis testing technologies and methods, is the first New York lab to be granted all permits necessary to perform the full spectrum of [cannabis-compliant testing](#).

James Horvath, Kaycha's Chief Executive Officer, commented, “We are excited to be the first “OCM Permitted Lab” that is licensed to perform all test types. I am proud of our team of 200+ experienced and expert professionals across the US who came together to make this a reality. In many ways, this distinction of being first validates our industry leadership position.”

During the regulatory licensing review process, [Kaycha's Albany Lab](#) was staffed with skilled analysts, equipped with all new state-of-the-art equipment, and ISO accredited. Veteran Quality Assurance, Compliance, and Lab Directors from existing sister laboratories trained the analysts. In addition, the company's proprietary [Laboratory Information Management System \(PureLIMS\)](#) was installed and updated to ensure compliance with all New York-mandated detection limit standards. The lab is now accepting samples from clients to perform the full array of compliance and R&D testing across all matrices.

Kaycha President Chris Martinez also noted, “Our Albany location was a deliberate choice for our company. Its central location makes it accessible to most growers, extractors, and manufacturers. Albany also has many world-class educational institutions and a rich pool of talented scientists. And our lab there is more than 8,000 sq ft which will give us the capacity to meet the testing needs of one of the country's largest and fastest-growing markets.”

ABOUT KAYCHA LABS: Headquartered in Fort Lauderdale, Florida, Kaycha Labs has testing labs in Arizona, California, Colorado, Florida, Massachusetts, Nevada, New York, and Oregon. Kaycha's network of accredited labs is a recognized leader in testing accuracy and speed, delivering fast

results with sample automation and technology innovation. Kaycha labs implements over 500 procedures and methods to test Cannabis using state-of-the-art equipment. International Standards Organization (ISO), the United States Department of Agriculture's (USDA) Food Safety and Inspection Services, and the Association of Analytical Communities (AOAC).
