

# Microsoft to increase focus on change management for software implementations

*Businesses implementing the latest technology are soon to get a boost in guidance from Microsoft.*

COPENHAGEN, DENMARK, January 25, 2023 /EINPresswire.com/ -- Rachel Profitt, senior program manager and fast-track team member at Microsoft, reveals that the software giant will soon be releasing a brand-new chapter on change management as part of the Dynamics 365 Implementation Guide. The implementation guide is based on the collective knowledge of the Microsoft fast-track team.

Episode 8

Senior Program Manager  
Microsoft

Digital Adoption Talks

Microsoft's Rachel Profit discusses important factors for digital transformation and shares what is coming up in change management.

In the [Digital Adoption Talks](#) podcast, Profitt communicates that the guide currently includes guidance on software implementation-related topics like adoption strategy, training strategy, and testing strategy. Until the new chapter on change management is ready, Profitt advises

interested parties to take advantage of the wealth of information and tips available online.

We have chapters in our Dynamics 365 implementation guide that are all about these topics. Change management is a new chapter that's coming, hopefully really soon."

*Rachel Profitt*

In the podcast, Profitt touches upon the importance of considering the basics of business processes and goals before selecting software. For more insight from Rachel Profitt, read '[Essential User Adoption Tips for D365 F&O](#)'.
