

Dr Kannan Vishwanath promoted Dr Ashley's Limited to expand pharmaceutical warehousing at Riga, Latvia

Dr Ashley's Limited defines new markets by continually extending the frontiers of research and development in its chosen field of business.

CALIFORNIA, UNITED STATES OF AMERICA, January 24, 2023 /EINPresswire.com/ -- Dr Ashley's Limited is also zeroing on collaborating with major pharmaceutical manufacturing companies & herbal manufacturers for catering to the growing number of distributors & franchises in Europe.

Dr Ashley's Limited's continuous & strategic expansion in Europe, which included new geographic branch openings in several key countries in Europe like France, Germany, Finland, Portugal, Switzerland, Belgium, Italy, Spain, Denmark, Sweden, Greece, Netherlands, and Norway etc. allowed Dr Ashley's Limited to stay in front of customer requirements throughout 2022 and mitigate challenges the region has faced, ensuring the continuous flow of goods. With the increased number of clients & geographic expansion coupled with unique range of pharmaceutical & herbal products, the company needed a strong automated warehouse to house raw materials and to package medications. This installation had to have enough storage capacity to cope with increased production, whose operations have been fully-automated to ensure the maximum safety of goods and achieve high throughput. Dr Ashley's Limited has already developed a state of the art ware housing facilities in Hong Kong.

Dr Ashley's Limited based out of Hong Kong is a key player in Pharmaceutical Medical & Surgical Products with presence of more than 75 plus countries including complex markets such as Africa, India, Korea, China, Dubai, the UK, Germany, Singapore, Malaysia, Mauritius, Spain, and Egypt etc. Dr Ashley's Limited is also into pharmaceutical API's. Since last 4 years, the company

THE POWER OF PEACE

Dr Kannan Vishwanath
Garwood Innovation Fellow at Garwood

of Business Berkeley University of
California.

Any war fought in recent times have not made the world healthier, peaceful & prosperous, in stead it has divided us, made us weaker. At this critical moment we must undertakes tangible, precise, swift and necessary actions, using all available policy tools, to address common challenges facing the mankind today. History will judge us if we don't act now and if we don't act strongly.

Prof. Dr Kannan Vishwanath,
Managing Director, Dr Ashley's
Limited

has made strong presence in the herbal, nutraceutical & food supplements. Dr Ashley's Limited is the fastest growing young research driven healthcare firm in incorporated in April 2012 in Hong Kong.

Dr Kannan Vishwanath who is also a top academic researcher at the Garwood Innovation Fellow at Garwood Centre of Open Innovation, Haas School of Business Berkeley University of California said "The global Pharma market size was valued at USD 484000.0 million in 2021 and is expected to expand at a CAGR of 11.8% during the forecast period, reaching USD 945000.0 million by 2027. The European Commission is pointing to the sharp increase in demand & despite the challenges & reforms, Europe will be a very key market".

Announcing the global initiatives of Dr Ashley's Limited for the pharmaceutical warehousing at Riga, Latvia, [Dr. Kannan Vishwanath](#), founder & managing director of Dr Ashley's Limited said "Dr Ashley's Limited has passed the board resolution & its intent to start the mega pharma warehouse with a total area of 60,000 square feet & will be equipped with a robust warehouse management system operated by tailor-made

designed easy to operate software, whose task is to monitor and streamline all internal processes carried out. The facility will have appropriate storage conditions & different drugs can have vastly different requirements in terms of temperature, humidity, and lighting. Dr Ashley's Limited's objective is to ensure that the storage of each drug is in line with its specific requirements defined by the manufacturer.

This can involve temperature-controlled warehousing and/or climate-controlled warehousing space – both of which require state-of-the-art control and monitoring

equipment to keep the space within specific environmental parameters. The key focus will be managing incoming goods, either from manufacturing or outside sources, effective organization and management of stock, control of the warehouse exit points, grouping the output commands based on its destination. Dr Ashley's Limited is clearly on the technological forefront with a fully-automated clad-rack warehouse It consists of two double-depth storage aisles and a conveyor

LEADERSHIP

"We have a leadership ambition gap & we need to close that in order to fix it"

“
Technology is extremely powerful and novel, accomplishing amazing tasks humans may be incapable of doing at speeds never before possible. To be successful, no matter how cutting-edge, technology must solve a problem and people must want to use it.”

Chemical Engineer Dr Kannan Vishwanath
