By blending Mexican and Spanish heritage into ritualistic lyrics, exploring non-traditional techniques with rhythms, chanting - and even having a Shaman perform a cleansing ritual on the lead singer during the music video shoot for the most recent release, "[Morir Para Vivir](#)". explanation of Ancestral Medicine such as Ayahuasca, intense methods of self-reflection, and connection to the inner self - as well as mortality.

"Rituales Sagrados" will peak the interests of metal lovers and leave the audience yearning for more." – Alex Crescioni , Music Producer.

The first track off the EP, "Soga De Los Muertos," is an immersive experience right from the start. Lead guitarist Sin Quirin (and catalyst for the genesis of the band) shares, "For me, this song touches on the "sound" people seem to know me for. It has that "industrial-ish" element to it." Lead singer Pedro Sanchez dives into the deeper meaning of the song when he shares, "Soga De Los Muertos" is a song honoring the Spirit of the Ancestral Medicine "Ayahuasca". The translation of the word of Ayahuasca is "Soga De Los Muertos" or "Soga De Los Espiritus" which in English is "Rope of the Dead" or "Rope of The Spirits." He explains, "when I go into Ayahuasca Ceremonies, it takes us to the world of the dead - which is the Spirit realm that works to heal health, physical, mental and emotional blockages to live better."

On "Gran Espejo De Humo," the second track off the EP, Sin explains it as a classic "barn burner - fast, up-tempo, and relentless." On the other hand, Pedro chose to describe it as a very personal song; "A listener can find the courage to look deep into the Smoking Mirror reflection and find or figure out all the ugly parts that make us ignorant." The complexity of this EP seems to evoke different feelings in its listeners, as well as its creators.

The third track off the EP, "Llaves Sagradas" goes to show the band's true versatility and boundary-pushing nature, while diving into deep spirituality. Pedro shares that "Llaves Sagradas" or "Sacred Keys" is about using Ancestral Medicines to unlock information from the spirit realm to reconnect with the inner self. According to producer Alex Crescioni, Sin's "brilliant mechanical heavy riffage and song arrangements" along with Pedro's heavy chorus made working on this track, and the album as a whole an unforgettable experience.

Listen to "Rituales Sagrados" on all streaming platforms on January 27th.

The EP will also include two previous tracks "Por Los Siglos" and "Morir Para Vivir."

The EP's innate uniqueness is best described by Crescioni when he states, "when listening to the EP, metal lovers will be immersed into 5 different scenes of ancient indigenous kingdoms."

Iconic musician, guitarist, bandleader, and main songwriter for thrash metal band Exodus Gary Holt shares, "Sin has been a solid backbone to everything he's been involved in and it's great to see him stepping out now to do his own thing. He is a true rockstar in every sense of the word." And similarly, musician Todd La Torre, lead singer for progressive metal band Queensrÿche describes Sin as "a unique talent, an underrated guitar hero, and a key dynamic member of every project he's done."

The combination of Sin's power in his craft, along with Pedro's unstoppable vocals allow them to excel as a creative duo and create extreme metal music that moves its audience beyond just listening – and awakens the spirit inside of its audience.

The EP "Rituales Sagrados" will be available on all streaming platforms on January 27th and will take listeners on a deep-rooted psychedelic journey that promises to transcend the current realm. There is truly no end in sight for this group, and "Rituales Sagrados" is just the beginning of a powerful journey for Sin and Pedro.
