

GAIMIN announces partnership with BNB Chain to bolster Web3 Esports Growth Initiatives

GAIMIN partners with BNB Chain for Web3 gaming and esports growth, harnessing underutilized gaming PC resources for decentralized data processing

ZUG, SWITZERLAND, January 25, 2023

/EINPresswire.com/ -- [GAIMIN](#), the

world's leader in delivering

decentralised, distributed data

processing power, harnessing the

underutilised resources found in

gaming PCs, has today announced its

partnership with BNB Chain, the world's largest smart contract blockchain in terms of transaction volume and daily active users, for Web3 esports growth initiatives.

GAIMIN announces partnership with BNB Chain

With the global blockchain gaming market projected to grow from \$4.6bn in 2022 to \$65.7bn in 2027, GAIMIN is at the forefront of delivering blockchain technology and solutions to the gaming industry to facilitate their transformation to in-game Web3 technologies.

GAIMIN and BNB Chain will be working together to accelerate growth of blockchain technology in the gaming sector by helping developers build blockchain-base games that will be launched to gamers, globally.

Martin Speight, CEO of GAIMIN said "I am delighted to be working with BNB Chain to deliver Web3 technology to the gaming community. Our technology is designed to enable game developers to convert their AAA Web2 games to Web3 and allow the incorporation of blockchain functionality and services into their games."

Walter Lee, Partner Growth and GameFi leader at BNB Chain, commented, "We selected GAIMIN to become our first Partner for Web3 Esports Growth Initiatives following our review of its business model and its ability to reach the global gaming community. We are particularly excited by GAIMIN's approach to developing Web3 based technologies that allow games developers, and

most importantly gamers, to benefit from this growth market.”

Martin concluded, “Over the next few weeks we will be making further announcements relating to our technology development, associated services and importantly, how GAIMIN’s esports team, GAIMIN Gladiators, will be supporting and promoting this partnership. These are exciting times, not only for GAIMIN and BNB Chain, but also for gamers and the gaming community. We are at the start of this paradigm shift in this emerging industry and we are excited about how through this partnership we can support its growth”.

About BNB Chain

BNB Chain is a community-driven, decentralised and censorship-resistant blockchain, powered by BNB. It consists of BNB Beacon Chain and BNB Smart Chain (BSC), which is EVM compatible and facilitates a multi-chain ecosystem. It is the world’s largest smart contract blockchain in terms of transaction volume and daily active users. It has processed 3 billion transactions to date, from 20 million unique addresses, bringing developers massive user access with ultra-low gas fees and zero downtime since inception. The ecosystem has more than 1,300 active dApps across multiple categories such as DeFi, Metaverse, blockchain games, NFT and more.

About GAIMIN

GAIMIN.IO Ltd (GAIMIN) is a UK and Swiss based gaming company focused on helping the gaming community monetise the computational power of their gaming PC. GAIMIN has created a decentralised data processing network harnessing under utilised processing power typically found in gaming PC’s to create a world-wide decentralised data processing network, delivering supercomputer performance.

With a free to download PC-based application, GAIMIN monetises the under utilised performance through innovative approaches to delivering supercomputer level data processing performance from a world-wide network of independent processing devices which power GAIMIN.CLOUD. Focusing initially on video rendering and AI data processing, with an always available service to power blockchain computations, the GAIMIN data processing network is continuously delivering data processing services and returning rewards back to its user community.

GAIMIN rewards users in its own crypto currency, GMRX which can then be used for purchases on the GAIMIN Marketplace for NFTs, in-game assets, accessories and merchandise, or it can be converted to fiat or a different crypto currency.
