Armed with an exciting business idea and a \$2,000 loan, Martin E. Judge, Jr. founded The Judge Group in 1970 to help organizations find qualified engineering and management professionals. The Judge Group quickly grew from a permanent placement company into a \$750 million professional services firm with resources across North America and the Asia Pacific region and is on track to generate over \$1 billion in revenue by 2025.

With over 30 locations across the United States, Canada, and India, The Judge Group is proud to partner with the best and brightest companies in business today, including over 60 of the Fortune 100. The Judge Group serves organizations in financial services, healthcare, life sciences, insurance, government (including aerospace and defense), manufacturing, and technology and telecommunications.

The Judge Group has always been committed to doing what's right – for colleagues, for client

partners, and for communities. By embracing diversity and promoting a culture of belonging, The Judge Group creates an environment where employees and contractors can produce their best work.

As part of the commitment to diversity, equity, and inclusion (DE&I), in 2020, The Judge Group CEO Martin Judge, III took the “CEO Action for Diversity and Inclusion pledge” to act on supporting more inclusive workplaces. Through internal efforts, The Judge Group strives to increase workforce diversity at all levels, foster a culture of inclusivity, guarantee equal opportunities for all employees, and promote supplier diversity.

“The Judge Group has long believed in strong companies and the talented people who help them grow. Over fifty years of experience has taught us how to best address the cultural and economic needs of our clients, expertly assist candidates in navigating through their own unique career

progressions, and create, maintain, and nurture valued community partnerships. We understand that every business is unique, and that paying careful attention to the specific needs of every client, from our multi-national corporate clients to our entry-level programmers, is the only way

to ensure success for everyone involved.” Said Martin E Judge, Jr., Chairman of the Board and Founder of The Judge Group, Inc.

“

We are expanding NVBDC opportunities for our Certified Service-Disabled / Veteran Owned Businesses. NVBDC is always available to answer your questions on how to get certified.”

suppliers. The Judge Group’s Diversity Supplier program allows them to partner with over 350 vendors and small businesses to support historically underrepresented organizations.
