Samera Entertainment shines the spotlight on this unique docuseries from Porter + Craig Film & Media Distribution and CEM Media Group

ATLANTA, GEORGIA, USA, January 24, 2023 /EINPresswire.com/ -- The term "entrepreneur" is frequently thrown around to describe successful people who more or less made something from nothing. That's a simplistic explanation as to what an entrepreneur is, but it doesn't scratch

the surface of what an entrepreneur actually does. The true role of an entrepreneur is something much more complex than what mere words can offer. That's why shows like MAKING OF A MOGUL USA exist. So they can dive deep into the ins and outs of profitable business models, and learn from the leaders of those companies to find out how they make it all possible.

“

My hope is that this show will inspire future generations of entrepreneurs of all ages to chase their passion and dreams to create widely successful businesses that deeply impact our community.”

Tanya Sam
