

Zenon Energy Europe B.V. Partners with KACO new energy GmbH

Zenon Energy purchases 36.8MW from KACO New Energy for energy storage inverters.

ARNHEM, NETHERLANDS, January 26, 2023 /EINPresswire.com/ -- [Zenon Energy Europe B.V.](#), a Dutch energy storage manufacturer, and [KACO new energy](#), a German battery inverter manufacturer, today announced a new partnership for the purchase of KACO's battery inverters. The inverters will be installed in Zenon Energy's storage systems.

Zenon Energy Europe is a manufacturer of unique energy storage systems. As a key component of these systems are inverters, this purchase and partnership ensures a constant supply of inverters to stay ahead of the demand throughout 2023. Zenon's systems are made with quality and efficiency, matching KACO's inverter portfolio.

"KACO new energy is most delighted about the cooperation with the dedicated team at Zenon Energy," says Kurt Desimpelaere, Chief Sales Officer at KACO new energy GmbH. "Their energy storage technology is truly innovative and promises superior lifetime and safety. By adding our highly efficient and flexible battery inverters to Zenon's energy storage systems, the partnership strives to meet the highest economical goals – even given individual customer requirements."
