*All Heart Homecare helps you take care of your elderly loved ones (parents or grandparents) the way they took care of you as a child*

BROOKLYN, NEW YORK, UNITED STATES, January 26, 2023

/EINPresswire.com/ -- Home care services in NYC just got a lot easier. Searching for trustworthy home health aides for your elderly loved ones used to be an ordeal, but with the consumer-directed personal assistance program ([CDPAP](#)), now hire someone you know to fill the position. All Heart shares details about how a family member can get paid in New York.

What is CDPAP?

The consumer-directed personal assistance program is a Medicaid-sponsored program that allows New Yorkers to hire their caregivers. So, what are some of the benefits of the CDPAP agency in NYC?

“

We love what we do, we love serving others and adding value at all times!”

*CEO, All Heart*

CDPAP consumers can hire as many caregivers as they see fit (but the minimal requirement is 2 caregivers). How many caregivers consumers can hire will depend on their lifestyle, individual needs, and authorized hours. Consumers can hire anyone, including their family members, but not including their spouses. The patient has more freedom in choosing his schedule, tasks.

Who Qualifies As a Paid Caregiver?

Consumers can hire any of the following:

- Relatives (including children and parents)
- Friends
- Acquaintances

As long as the caregiver is 18 or older, able to legally work in the United States, and not married to the consumer, they qualify to be a caregiver.

#### How to Become a Caregiver?

There are a few requirements to become a caregiver through the CDPAP.

What to need:
