

Ren Richards Releases Latest Single, "Cautious"

NASHVILLE, TENN., UNITED STATES, January 27, 2023 /EINPresswire.com/ -- Nashville-based artist and songwriter Ren Richards has been perfecting her own creative blend of influences with a sound that feels fresh, dynamic, and direct. With her latest single release, "[Cautious](#)," Richards hits the mark. The track is a huge milestone for the artist and a testament to her creativity and depth of sound.

The artist's music has a modern, larger-than-life feel and Richards' sound is a perfect bridge between the edge of alt-country and the appeal of indie-rock and pop-folk, akin to artists such as KT Tunstall, Alison Mosshart, and Sheryl Crow, to name a few.

"Cautious" is a track that touches on the fear of letting yourself fall for someone, and knowing once you do, there's no going back. The verses have a steady, raw edge. At the same time, the hooks go even further, with some amazing layers of melodies and additional ornaments, making the music all the more diverse and engaging.
