

Chartered Institute Launches Chartered Sustainable Supply Chain and Logistics Professional (CSSCLP™) Program

Chartered Institute of Professional Certifications Launches Accredited CSSCLP™ Program for Supply Chain, Procurement and Logistics Leaders

SINGAPORE, SINGAPORE, January 30, 2023 /EINPresswire.com/ -- Chartered Institute of Professional Certifications (www.charteredcertifications.com), a leading provider of certified executive programs and conferences globally, is proud to announce the launch of the [Chartered Sustainable Supply Chain and Logistics Professional \(CSSCLP™\)](#) program. Collaborating with thought leaders and leading industry experts from renowned institutions, this cutting-edge program is designed to equip professionals with the knowledge and tools they need to master sustainable supply chain and logistics management and drive real-world impact.

The CSSCLP™ program will cover a wide range of topics, including sustainable sourcing, environmental impact assessment, sustainable transportation and logistics, and sustainable supply chain management. Participants will learn about the latest industry trends and best practices, as well as gain hands-on experience through case studies and real-world simulations.

"The supply chain and logistics industry is facing a growing demand for sustainable practices, and there is a critical need for professionals who understand how to implement these practices in a way that is both effective and efficient," said Bok Yan Lo, Managing Director, of Chartered Institute of Professional Certifications. "The CSSCLP™ program is the perfect solution for professionals looking to develop the skills and knowledge needed to thrive in this rapidly

changing field."

Fully accredited by Chartered Institute of Professional Certifications, the CSSCLP™ program is open to professionals of all experience levels, including those new to the industry as well as experienced managers and executives. It is also designed to be flexible, with a variety of delivery options available, including [on-demand](#) and [live](#) in-person classes.

Graduates of the CSSCLP™ program will be awarded the Chartered Sustainable Supply Chain and Logistics Professional (CSSCLP™) designation, a trademarked credential that is highly respected by companies and organizations throughout the industry and can only be used by professionals who have completed and passed our accredited program. The program has also been independently certified and accredited by CPD as conforming to Continuing Professional Principles.

For more information about the CSSCLP program and to register for the program, please visit the following website:

To register for the live instructor-led program, participants can go directly to:
