Key Highlights in Report

Granular activated carbon segment revenue is expected to expand at a significantly rapid CAGR during the forecast period as granular activated carbon is widely used in air purification and

municipal water treatment facilities, particularly in removal of mercury and chlorine.

Liquid phase segment is expected to register a significantly robust revenue growth rate over the forecast period due to rising usage of liquid phase filtration. Liquid phase filtration is widely used to filter chloramines and organic chemicals from drinkable water, such as herbicides and pesticides.

Information on significant market participants, strategic alliances, plans, new product launches, and joint ventures are all included in the research.

Key Reasons to Purchase Activated carbon market Report

The reader will be in a position to comprehend and react to marketing strategies like using strengths and conducting a SWOT analysis.

The research looks into the dynamics of the target market and how the conflict between Russia and Ukraine has affected it.

Emergen Research has segmented the global activated carbon on the basis of type, application, end-use, and region:

Type Outlook (Volume Tons, Revenue, USD Billion; 2018–2028)

Bead Activated Carbon

Polymer Coated Activated Carbon

Powdered Activated Carbon

Granular Activated Carbon

Pelletized or Extruded Activated Carbon

Application Outlook (Volume Tons, Revenue, USD Billion; 2018–2028)

Gas Phase

Liquid Phase
