## Key Highlights in Report

Water-based adhesives are obtained from natural polymers and it is an ultimate choice for quick set application in bookbinding. Water-based adhesives are free from solvents and they are safe to use in areas with very little ventilation.

The paper & packaging industry is witnessing significant growth, owing to growth of cosmetics, food & beverages, and consumer goods industries. The growing trend of online shopping is expected to further propel the market during the forecast period. Adhesives and sealants are used in more than 80% of food packaging.

Silicon resins are low-molecular-weight polymers with excellent thermal stability. Their property makes them suitable for usage as binders in paints, impregnating products, and varnishes. They are odor free, easy to use, and they offer excellent adherence to the surface of molds.

Key Players Included in this report are:

H. B. Fuller

Henkel AG

3M Company

Huntsman Corporation

DowDuPont Inc.

Avery Dennison Corporation

Arkema

Sika AG

Illinois Tool Works Inc.

Wacker Chemie AG

What can be explored with the Adhesives & sealants market Study?

Gain Market Understanding

Identify Growth Opportunities

Analyze and Measure the Global Adhesives & sealants market by Identifying Investment across

various Industry Verticals

Understand the Trends that will drive Future Changes in Adhesives & sealants market

Understand the Competitive Scenarios

Track Right Markets

Identify the Right Verticals

Market Segmentation Analysis

Players can concentrate on high-growth regions and, if necessary, modify their business plan according to the research report. The Adhesives & sealants market is divided into a variety of categories, uses, and geographical areas. Players gain from the report's regional segmentation research since it offers pertinent data and insights into important geographic marketplaces.

COVID-19 Impact Analysis

The post-COVID-19 phase has undergone substantial change, and Adhesives & sealants market research highlights the opportunities and difficulties that still exist. This study report thoroughly examines the effects of the COVID-19 pandemic on the global economy and post-pandemic market behaviour.
