

Skillweed Mentors & Trains Cyber Security, Data Science, DevSecOps, Agile Product Development & Technology Leadership

DALLAS, TEXAS, UNITED STATES OF AMERICA, January 30, 2023 /EINPresswire.com/ -- Skillweed, a new education platform, has officially launched to provide mentorship and training for professionals in the fields of cyber security, data science, devSecOps, agile product development, and leadership. The platform is designed to help professionals advance their skills and careers through a unique and innovative approach to learning.

The Skillweed platform features a variety of training options, including self-paced online courses, mentorship programs, and live workshops. The platform also offers a wide range of certification programs, including the latest industry standards, to help professionals demonstrate their expertise and advance their careers.

"We are excited to launch Skillweed and provide professionals with the tools and resources they need to succeed in today's rapidly changing job market," said Akin Akinfenwa, the founder of Skillweed. "Our platform is designed to help professionals stay ahead of the curve and meet the demands of today's fast-paced, technology-driven world."

The Skillweed platform also offers a variety of resources to help professionals stay up-to-date on the latest industry trends and best practices, including access to a community of experts, industry news and insights, and career development resources.

"We believe that everyone should have the opportunity to learn and grow, no matter their background or experience level," added Akin Akinfenwa. "We are committed to making our training and resources accessible and affordable to all."

To learn more about Skillweed and the training and mentorship options available, visit the company's website at www.skillweed.com and <https://academy.skillweed.com>.
