

The DEC Network's WomenXTech Summit sponsored by Smart Business Concepts Kicks off Year-Long Programming for Women

DALLAS, TEXAS, USA, January 30, 2023 /EINPresswire.com/ -- The DEC Network is proud to announce the 2023 WomenXTech Summit. In partnership with [Smart Business Concepts](#), The DEC Network will host this one-day, in-person summit for women at Smart Business Concepts' headquarters in Dallas, Texas on Wednesday, Feb 8, 2023.

According to the [Governor's Commission for Women](#), making Texas a place for women entrepreneurs to thrive, is a No. 1 priority for the state.

Currently, Texas is home to 3 million businesses with 1.25 million being women-owned!

The DEC Network works year-round to provide opportunities to all entrepreneurs, but heavily focuses on serving BIPOC populations. For the past ten years, with programs like WE (Women Entrepreneurs) Dallas, The DEC Network has awarded thousands of dollars through pitch competitions and has put on hundreds of educational and networking events.

This WomenXTech Summit is one of the larger-scale events that bring women tech entrepreneurs together to spread their ideas on how to succeed and support each other in a biased technology industry. To help make this event possible, Smart Business Concepts is proud to be the presenting sponsor.
