'Having been a Global Leader for Tomorrow at the WEF / Davos , I value the WEF community for discussion,' said Dr Meyer. 'The world is frankly in chaos. Major super powers are, as the Swiss say, kaput. The West is bust. Putting the entrepreneur at the heart of society is the only solution. Our desire is to get to work designing and executing the important work of creating a society where all people flourish. [We must all become Sovereign Individuals,](#)' said Dr Meyer.

'We welcome the Gamma solar-powered mobility vehicle, developed by Aptera.us, as the Guest of Honour at our Jazz & Gin & Tonic Event on the 4th of Feb. More than 35,000 vehicles have been pre-ordered, and Aptera has raised more than \$60 million from crowd-funding, creating a powerful consumer following,' said Dr. Meyer. 'BCN Gin, <https://bcngin.com>, have graciously hosted our Jazz & Gin Evening; we welcome Stefan Lismond, its creator to the FTE Business Family.'
