Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.

Stéphanie Flora Capdeville

"I highly recommend the DCRO Risk Governance course for non-executive directors. It is very well-conceived and easy to insert into our busy agendas," said Ms. Capdeville. "After completing it, I feel even more robust when addressing the challenges of the poly-crises we face, turning them into positive opportunities," she continued.

The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
