

Mext B2B Metaverse announces Industrial Robotics Day to explore the Trends and Innovations in 2023

We organize this livestream to bring together big players in the Industrial Robotics industry, and share on Industrial Robotics trends in 2023.

PARIS, FRANCE, February 1, 2023 /EINPresswire.com/ -- Mext B2B Metaverse community organizes Industrial Robotics livestream events to bring together professionals, designers, engineers, innovators, influencers, addicts, manufacturers from across the Industrial Robotics ecosystem to explore technology trends and innovations in 2023 for Industrial Robotics.

“

The second edition of the Industrial Robotics livestream is awaited by a large community , and it is a pleasure for us to meet their needs and desires.”

Hanene Maupas, CEO of Mext, explains this event's intention

Industrial Robotics 2023 is a livestream day organized by Mext B2B Metaverse on February 08, 2023. Robotics play a critical and expanding role in industrial automation thanks to the increasing adoption of smart production systems, in which robots play an important role. In addition, the industry 4.0 programs and public investments in several countries contributed to the acceleration of the development of new technologies such as collaborative robots and AI-enabled robots.

In this conference, we will focus on getting the latest innovation and trends in Industrial Robotics development to help our high-tech community, to face its major new

challenges for companies, build their roadmap and find their next partners. We will deep dive to [INDUSTRIAL ROBOTICS TECHNOLOGY TRENDS](#) to [AUTOMATION ROBOTICS SOLUTIONS TRENDS](#).

Among the speakers, you will meet technology leaders of the Industrial Robotics industry as well

as most recognized startups with disruptive technologies.

To learn about the event speakers and attendees, please visit our LinkedIn event page by clicking on this link <https://www.linkedin.com/events/6965614659164856320/about/>
